

Churn tracking is a part of the Analytics solution. Churn metrics are critical to business operations, and not only provide insight into your own organization's churn metrics and predictions, but also that of your competitors'.

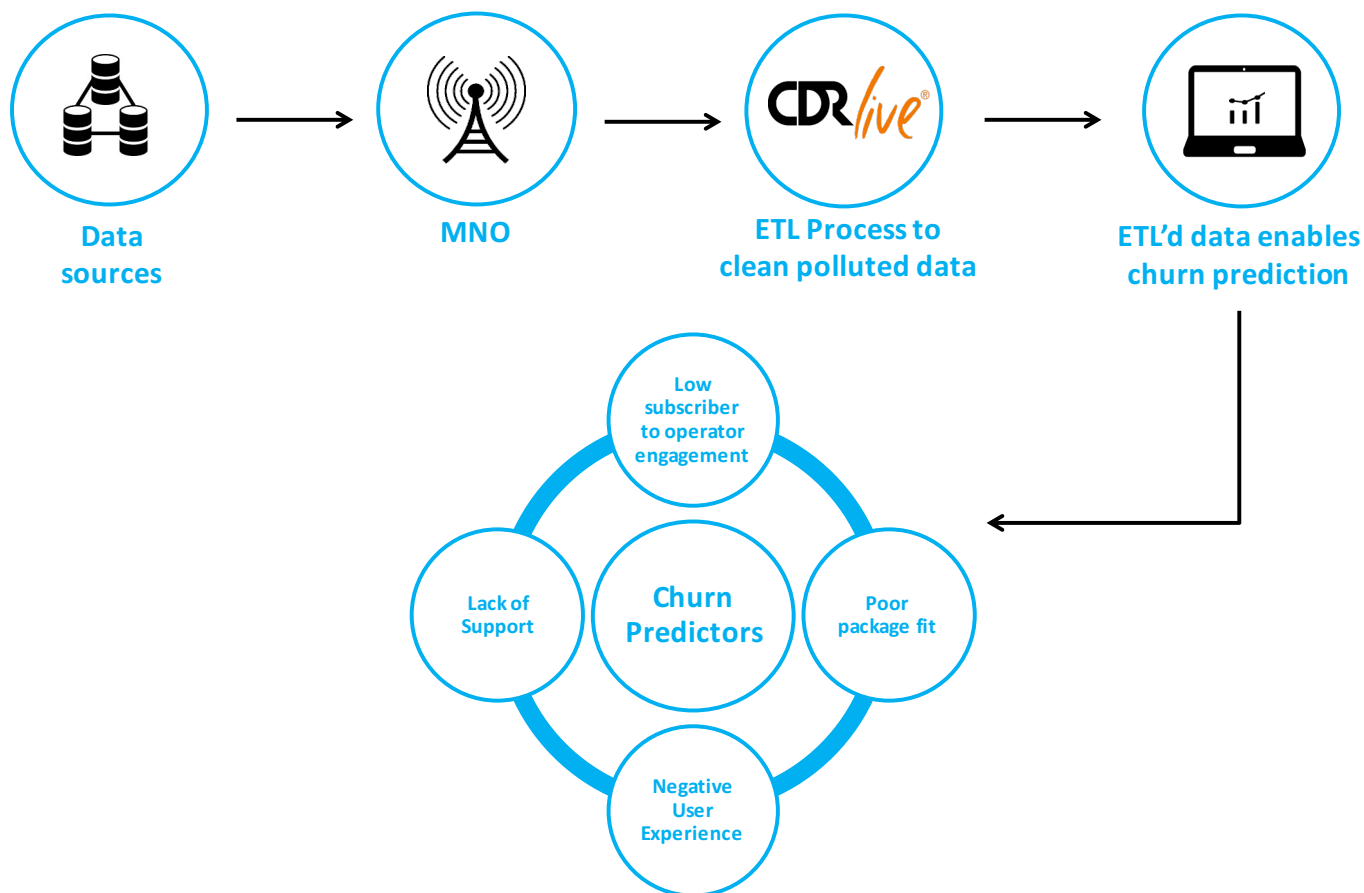

Key Features:

- ✓ Identifies decline and its drivers per segment and per geographic location, and that of your competitors.

Benefits:

- ✓ Decreases retention costs.
- ✓ Protects your profitability through insight-driven Next Best Action (NBA) and Next Best Offer (NBO).

How it Works:
