

The Operational Dashboard is part of the Analytics solution. It allows you to view data in almost real time.

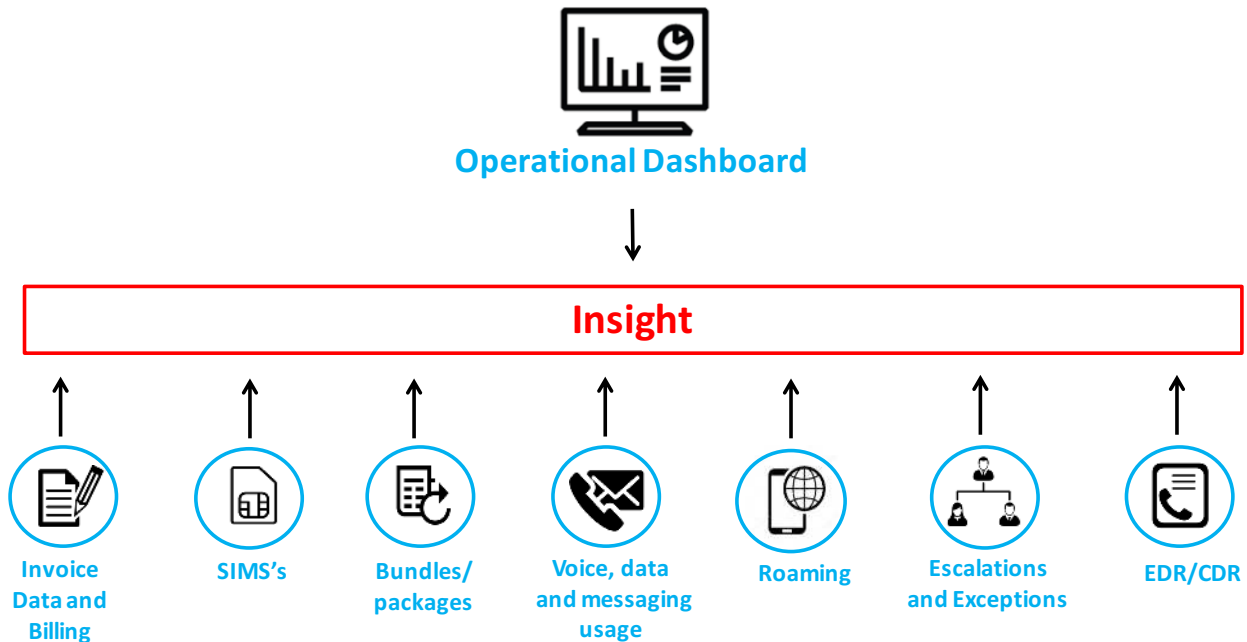

Key Features:

- ✓ Quickly deploys executive, operational, data quality and data health management KPIs in user friendly dashboards across verticals and horizontal of your Telco business.
- ✓ Provides operational visibility of key growth drivers (subscriber growth, revenue and profitability ratios).
- ✓ Provides a standard data model with over 200 KPIs for quick deployment and out-of-the box uses.
- ✓ Displays operational inefficiencies.

Benefits:

- ✓ Helps you to make informed decisions about competitive pricing, marketing campaigns and new service innovations.
- ✓ Predicts and monitors the impact of new campaigns.
- ✓ Picks up errors in near real-time, enabling operators to make informed decisions timeously.
- ✓ Allows for an adaptive strategy based on results from proactive and near real time feedback.

How it Works:
