

The **SIM Manager** is part of the IoT solution, and allows corporate clients to manage their SIM cards in one convenient, easily accessible place.

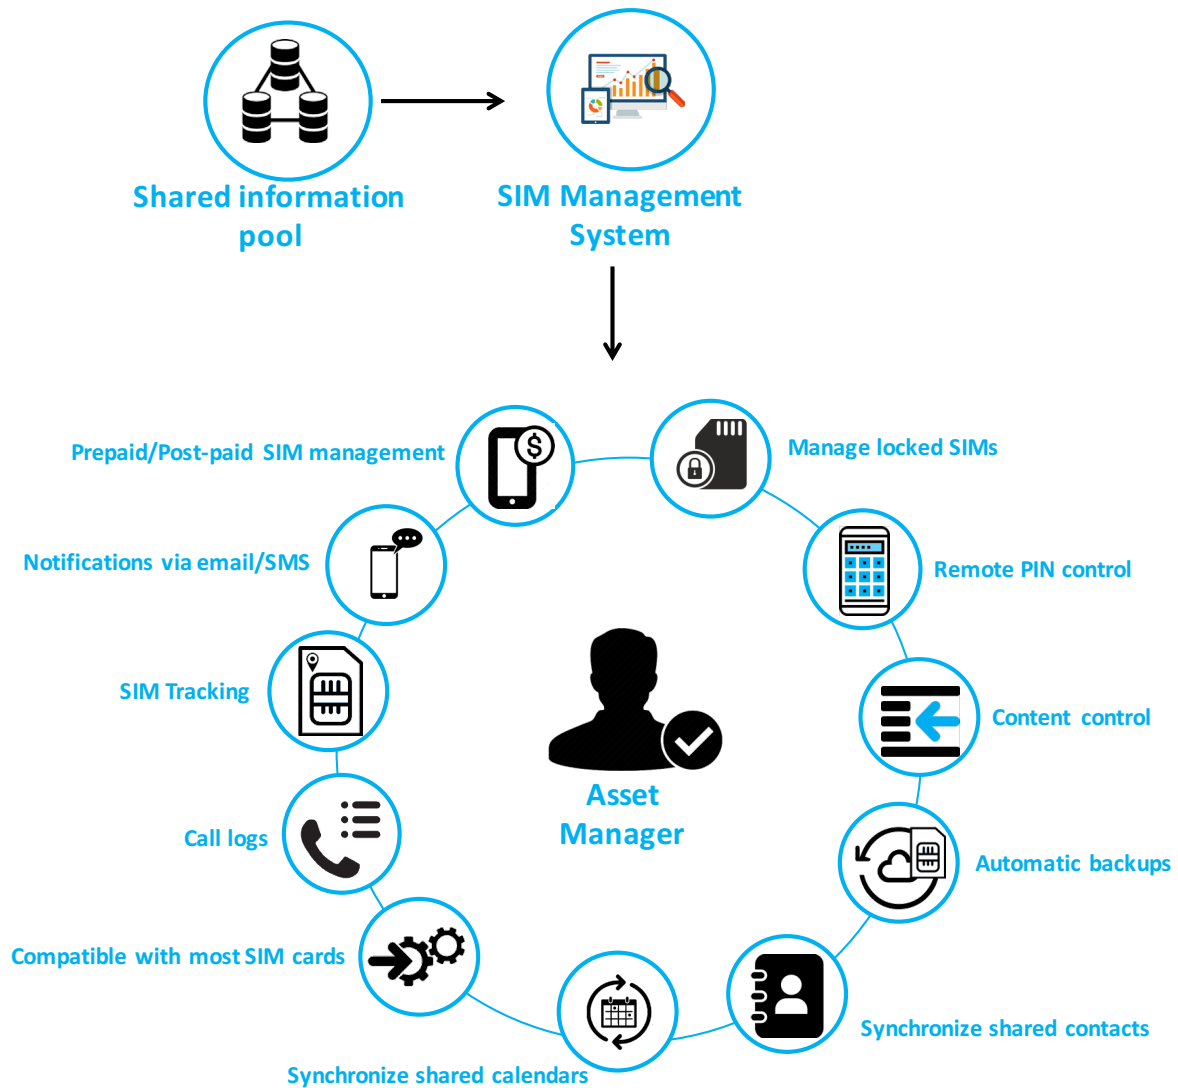

Key Features:

- ✓ Works for prepaid and contract SIM cards and devices.
- ✓ Schedules notifications via SMS or email using Google calendar.
- ✓ Simplifies management of all devices by tracking the SIMs.
- ✓ Provides a list of fixed line dialled numbers, last called number and last received number.
- ✓ Fully compatible with most SIM cards.

Benefits:

- ✓ Synchronizes the organization's shared calendars.
- ✓ Allows users to share contacts.
- ✓ Backs up information on company SIMs.
- ✓ Offers complete control over company SIMs, including the ability to erase SIM cards, delete all personal information and phone numbers from the SIM card memory.
- ✓ Enables, disables or changes PIN codes remotely.
- ✓ Blocks and unblocks locked SIM cards.

How it Works:
