

SERVICE/STORE LOCATOR (STARCARE)

The Service/Store Locator is part of the VAS solution. It allows organizations and users to locate services or stores closest to them. It does this using GPS navigation technology.

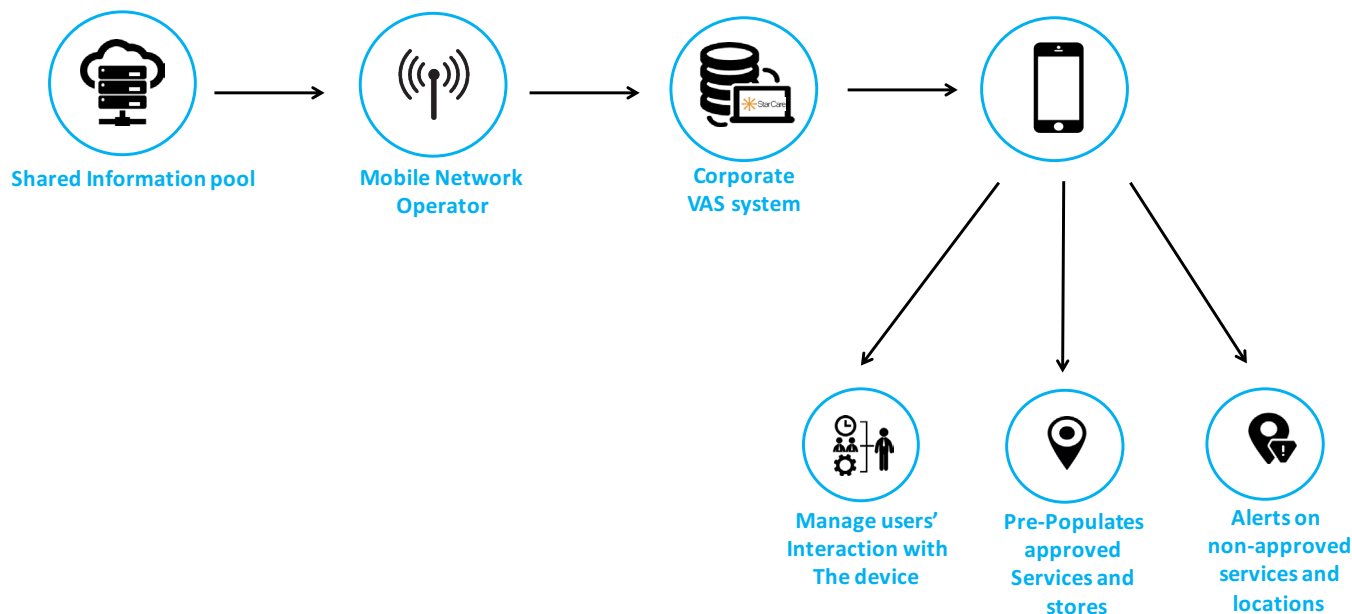

Key Features:

- ✔ Supports automatic geolocation, address autocompletion, distances in miles or kilometers, search within radius, etc.
- ✔ Layouts are customizable to comply with corporate identities.
- ✔ The solution supports multiple languages and is pre-populated with the organization's most searched for items.

Benefits:

- ✔ This service allows organizations to pre-populate approved services and stores to manage users' interaction with the device.
- ✔ Alerts can be set up for non-approved services and locations.

How it Works:
